

Product Data Sheet

Steel Cladd Road Marking Paint

No	SC02
Date	07/21

Steel Cladd products are manufactured to the highest quality and performance standards to ensure complete customer satisfaction.

DESCRIPTION

Steel Cladd Road Marking Paint is a fast-drying road line marker with high wear and abrasion resistance.

PRODUCT RECOMMENDED USES

- Bitumen & Concrete Road surfaces.
- Sign writing of Roads.
- Marking of Parking areas

PRODUCT BENEFITS

- Quick Drying
- Excellent adhesion to substrate.
- Good general durability.
- Excellent Hiding Power

SURFACE PREPARATION

New & Previously Painted Surfaces: Surface/s must be thoroughly clean (free from gravel), dry and in sound condition before commencing work.

Apply two coats of Steel Cladd Road Marking Paint direct to the surface by laying-on an even coat of paint, with correct recoating times between coats.

Warning: This product is not recommended for use on Swimming Pools or curing Damp problems.

APPLICATION

Stir the contents thoroughly before use for colour consistency, ensure that batch numbers are the same on all cans. For spray application thin down by up to 15% with Road Marking Paint Reducer. Apply one coat with a paintbrush, paint roller or airless spray and allow 15 - 30 minutes to dry. Clean tools (brushes, rollers & spraying equipment) with Road Marking Paint Reducer (thinners) immediately after use.

COLOUR RANGE

Black, White, Red and Yellow
